POZNEJTE ALPY Z PALUBY VLAKŮ DISCOVER ALPS BY TRAINS

Jan Ursiny | © Rhätische Bahn AG

Bernina Express

Vydejte se toto léto do Alp a poznejte švýcarské vrcholy švýcarských panoramatických vlaků. V kantonu Graubünden vás čekají světoznámé červené vlaky Rhetské dráhy: Ledovcový expres předzívány nejlepší rychlík světa a Bernina Express se sloganem „Od ledovců k palmařům“.

Bernina Express vás seznámi s tratěmi Albula a Bernina zapsanými na seznamu UNESCO. Výjimečnost spočívá především v tom, že vlaky na této trase zdvihají stoupaní až 70 % bez ozubnice. S překonáváním výškových rozdílů si tady poradili vybudováním spirálových tunelů ve skále nebo krkuovým viaduktem. Trať se pyšní celkem 196 mosty, z nichž nejdovedovanejší je Landwasserviadukt. Celou trasu z Churu do Tirano stihnete tam i zpět během jediného dne.

Glacier Express spojuje dvě proslulá střediska Sv. Moric v Graubündenu a Zermatt ve Wallis. Celou trať projedete za necelých osm hodin, a ani na chvíli se nebudeste nudit. Čeká vás 291 mostů, 91 tunelů na trase dlouhé 291km. Nejvyšší bod trati je Oberalppass (2033m n.m.) a nejnižší v Churu (885m n.m.). A to celé si vychutnáte ve speciálních panoramatických vozech s okny až ke stropu vagónu. ■

Glacier Express

Neomezené cestování až na 2 dny Poznejte Švýcarsko z paluby panoramatických vlaků ještě výrodněji a jízdními římsami po celém Švýcarsku. Swiss Travel System, když získáte navíc jeden nebo dva dny neomezeného cestování po Švýcarsku zdarma. Toto zvyhodněné jízdenky jsou možné zakoupit od 15. 4. do 24. 5. 2023 a platit je neplatí od 13. 11. 2023. MojeSvycarsko.com/stp2023

Two days of Unlimited Travel

See the Alpine peaks and Alpine mountainscapes from the comfort of a panoramic train. The canton of Graubünden is the terminus for the world-famous red trains of the Rhaetian Railway. The Glacier Express has been nicknamed the slowest express train in the world, and the Bernina Express uses the slogan "From the glaciers to the palm trees".

Bernina Express runs along the Albula and Bernina lines which are listed by UNESCO. An exceptional feature is that trains on this route manage 70 % of the climbs without a rack-and-pinion system. The ascents are tackled using spiral tunnels through the rock and a circular viaduct. The line boasts 196 bridges, the most remarkable of which is the Landwasserviadukt. The entire route from Chur to Tirano and back can be managed in a single day.

Glacier Express links two famous mountain resorts - St. Moritz in Graubünden and Zermatt in Wallis. Trains cover the distance in eight hours and there's never a dull moment. Some 291 bridges, 91 tunnels await you over the 291km-long line. The highest point is the Oberalp pass (2033m), the lowest Chur (885m). Special panoramic carriages with windows that go all the way up to the roof allow you to enjoy the ride to the full. ■

Switzerland can make you feel better

During stressful times, all of us look for small time-outs to escape. However, sometimes a weekend trip does not do the job. A person with burn-out, anxiety or depression needs a change in scenery and competent medical care. Switzerland can be the right place to recover.

Mental health

Today's life is stressful. Meetings and phone calls all day, in between a quick working lunch, mails from early in the morning to late at night, and in addition social obligations with family and friends that want to be fulfilled. No wonder that more and more people feel exhausted and tired, sometimes even burned-out.

FÖRTROLLANDE TICINO**

Ticino är landets enda kanton söder om Alperna. Här talas italienska och du bjuds på en fantastisk mix av schweizisk och italiensk kultur, mat och miljöer. För traillöparen är särskilt Ascona-Locarno väl värt ett besök.

På gränsen till Italien, i den allra sydligaste delen av Schweiz, ligger kantonen Ticino. I möte mellan de båda länderna samsas medelhavsklimat med alper, uråldriga kyrkor och byar med modern arkitektur – och la dolce vita med trailloppning.

Här kan du springa över en glaciär på förmiddagen och ta en supplur under en palm på eftermiddagen, testa de utmärta lederna i Ticinos alpina regioner, springa genom lundar och upptäcka avlägna byar, uppleva färdtrev på Piazza

无车山村米伦

在这里，走路也能走出巅峰之作

■站在雪朗峰之巅的马可粗施米德。

坐 落 在 瑞 士 雪 朗 峰 (Schilthorn) 山脚的米伦 (Murren) 以如若仙境般的世外桃源景致傲视人间，集齐山风雪花烟雨薄雾于一村，每一个转角处都是一场乡村美学洗礼，而这个小山村散发的美力是历经多年努力、通过各种途径方得之。那一天，坐在白朗峰山顶的旋转餐厅，户外活动爱好者马可粗施米德 (Marco Zurschniede) 细数他在山村流连忘返、在雪地浪迹山崖的见闻趣事。

不论是因工或因私，米伦是马可最常到地方，“这个小山村仅有约400村民，村民和旅人都只能搭乘缆车才能到达，村里则是禁止车辆进入。”

一个大无车的山村以如若仙境般的世外桃源景致傲视人间，在这里，任何声响都是多余，街头风萧萧，窗外雪纷纷飞，身在烟雨葱翠中，眼里有轻雾若雾……

再多文字，也描述不了这个地方的朴实无华，惟有用用心去看、去感受才能领略它锁不住亦挡不了的至美，“世上没几个地方像这里，来到这里就能走进另一个世界，这便是米伦。”

每一天他都会来到这个坐落在海拔 1638 公尺的小山村，轻轻一句话说道：“在清晨或傍晚来到这里，觉得就像活在那群雪山里，寂寞得就像活有人一样，当然，更别说他经常去泡的那群雪山了。”

这一天，清晨七时半，撑着雨伞穿越寒风中秋雨，与他们住在米伦缆车站会合，随后一同搭乘最早那班空中缆车前往雪朗峰，此行程约 100 分钟之后，一天他都会来到这个坐落在海拔 1638 公尺的小山村，轻轻一句话说道：“在清晨或傍晚来到这里，觉得就像活在那群雪山里，寂寞得就像活有人一样，当然，更别说他经常去泡的那群雪山了。”

当缆车缓缓驶上，便见透明缆车窗外面的大雪纷飞落下，打在车窗发出咚咚声响，厚厚的白雪覆盖着远山与近崖，壮丽得令人屏住呼吸的雪朗峰就在身边，在眼前……

不知何故，越近山心头越震颤，一种无以名状敬畏感油然而生，或许是天人合一的自然魅力与吸引力，此去位于海拔 2970 公尺的旋转餐厅 Piz Gloria，这峰顶餐厅每 45 分钟旋转其轴心旋转一圈。

■马可在米伦雪地上自由式滑雪。

**每个转角
遇见清新自然**

实际上，此向世所展示的美力是当地居民经多年努力，通过各种途径才得来的可持续性的美。瑞士境内有多个无车胜地，米伦是其中一个，“从外地运往山村的货物都用缆车运输。”

镇上只有农夫及公司（建筑、交通、电工与邮递）获准驾车，农夫需用拖机以将山上收割机堆运回村里，每家每户都有缆车，但必须通过特定交通工具，把木材从缆车站运到目的地，“但是，他们都需得到当局批准。”

所以，旅人在马路上与车辆相遇的机会屈指可数，若想想，这里民房不都在山中，怎有泊车空间呢？汽车尾气与声音污染程度隔热后，行走在村中，每个转角处都能感受到清新自然。

“其实，米伦面积不大，从一个点到另一个点轻易步行距离，用不上汽车。”他也提及村里设备齐全，居民不必为日常用品愁，村里亦可见售卖机制卖农人与牧民的自制新鲜食材。

但凡心中有大自然，可做的环保行动就多了，他指出，好比：冬季会迎来大量滑雪者，山下停车场容量随之增加，与其兴建更多永久停车位，不如利用天然地形，设置临时停车位。

易燃的木块在雪地上形成停车位，不但可滚动木块在雪地上形成停车位，除了可防止被压坏，还可确保融水在融冰期间顺畅通过，此举亦能免去往返更远停车场的接驳巴士的需要。

冬季过去以后把木块收起来，这样既保持草皮完好无损，草地也可在季节结束后再耕种或长出玉米来。到了夏天又可以回来了，那些木块还可以在翌年再循环使用作停车位。”

■小山村每一个转角都有好玩、树光、村落、村舍、房屋等建筑，都是童话乡村美学洗礼。

■赶在夏天前还原山之净

Un viaggio nel blu – con il Grand Tour da Neuenburg a Berna

Come le perle di una collana, gli highlight si susseguono lungo il Grand Tour of Switzerland. La strada più bella della Svizzera ci conduce in otto tappe, per 1643 km, attraverso i paesaggi più spettacolari, i villaggi più incontaminati e le città più affascinanti. La tappa numero 7 da Neuenburg a Berna segue il blu dell'acqua. È caratterizzata da laghi e fiumi, villaggi originali, cittadine interessanti e vedute mozzafiato.

Reportage Ellen Gromann

Un viaggio nel tempo con ponti linguistici

Il viaggio inizia 50 000 anni fa. Circa 3000 reperti archeologici raccontano le storie di Laténium, il più grande museo archeologico della Svizzera. Davanti un azzurro cielo, con una vista che si estende dalle Alpi Bernesi fino al Monte Bianco, insediameneti riccotti con palafitte lasciano intuire come fosse la vita nell'età del bronzo.

Oggi cartelli con la scritta «Grand Tour» indicano la

strada. Con la vista su Eiger, Mönch e Jungfrau, prati lussureggianti e villaggi vinicoli da sogno fiancheggiano la strada per il Lago di Morat. Morat, la cittadina degli Zähringen, si trova all'interno di un circolo di castelli, chiese e vigne che rispecchiano una storia millenaria.

Solo pochi chilometri più avanti la campagna di San Niccolò è dominata dal castello di Gruyères. Vicini ricche di fascino e palazzi con negozi incantevoli delinano il paesaggio della città dei ponti. Anche linguisticamente Friburgo costruisce ponti tra la Svizzera di lingua francese e quella di lingua tedesca. Uno dei ponti più antichi e belli di Friburgo

è il Bernbrücke, che attraverso la Sarine porta nella città bassa. Il prossimo punto panoramico si trova più avanti sul percorso.

Formaggio e passaggi fuori dal comune
Le fattorie circondate da verdi pascoli delineano il paesaggio a sud di Friburgo. Le curve aumentano, la corsia diventa più stretta e il traffico scorre. La strada si snoda sulle rive del lago della Gruyère.

Incastonata nel panorama alpino, troneggiante su una collina, si staglia Gruyères. Gruyères è una delle località più belle della Svizzera, perché è anche la terra del formaggio Gruyère DOP, alle cui radici viene prodotto il formaggio Gruyère. Sulle tracce del suo aroma speziato, nel casello dimostrativo «La Maison du Gruyère» troviamo spunti interessanti per trovare il luogo perfetto per degustare una raffinata fonduta.

Verso il castello di Gruyère l'attenzione dei visitatori è attratta dalle straordinarie sculture che non intendono assolutamente adeguarsi allo scenario medievale. Ma il loro

segreto viene presto svelato. Sono infatti parte dell'HR Gruyère Museum allestito nel castello di Saint Germain. L'artista svizzero HR Giger nel 1980 ha ricevuto l'Oscar per avere realizzato le scenografie del film «Alien». La sua tomba è nel cimitero locale.

Dolce viaggio lungo l'acqua
Anche le dolci tentazioni della Maison Callier di Broc sono qualcosa di straordinario. Il cioccolato e il cioccolato fondente, la lavorazione del cioccolato. Il cioccolato rende felici! Lo conferma anche Stéphane, che da 23 anni lavora con questo alimento. Alla domanda su come riesce a mantenersi in forma, sorride e risponde: «Vado al lavoro in bicicletta.»

Il Grand Tour si può proseguire in auto lungo il corso

Vista aperta su villaggi e piaceri della città
L'ultima parte della tappa promette di essere la catena di St. Gotthard e sulle Alpi Bernesi. Il villaggio di Rüeggisberg è famoso per il suo monastero e le tipiche fattorie bernesi sono un belvedere ideale, a meno che non piova.

Ma l'ultima meta' ricompensa ampiamente dell'eventuale brutto tempo. Come la strada verso il fiume Aare, anche con il paesaggio Bernese mostra il lato più bello. Nel centro storico, con i 6 km di portici, nonostante il tempo uggiioso si può passeggiare senza bagnarsi.

Il Grand Tour mantiene le promesse: difficilmente la Svizzera si può apprezzare da un punto di vista migliore.

della Sarine da Pays d'Enhaut attraverso Château d'Oex verso Saanen. Graziosi villaggi si stringono nell'incantevole paesaggio alpino. A Zwevegem il cammino tempesta più lunga d'Europa risale il Riederalp convogliando sulla regione di Saanen e sulla valle della Simmen che accompagna il Grand Tour fino a poco prima di Spiez. Il villaggio vicinico di Spiez con il castello sul lago azzurro di Thun e i vigneti sono una gioia per gli occhi e meritano almeno una fermata.

Una deviazione verso Carabi e il Mediterraneo
La deviazione verso il lago di Biel regala un'atmosfera carabinica. Anche con il cielo coperto il colore turchese è mozzafiato. Questa deviazione è perfetta con una visita alle scroscianti cascate di Giessbach e uno sguardo al villaggio chalet Brienz.

Vicino alle Cascate di Giessbach.

Tornando al percorso del Grand Tour, la strada prosegue lungo le rive del lago di Thun. Villaggi pittoreschi e vedute spettacolari sul lago e sul Niesen sono un piacere per gli occhi.

Ai fine del lago, una vera e propria perla: Thun, la porta verso l'Oberland Bernese. Il suo accogliente centro storico, sommerso da un castello bianco del 12° secolo e il suo vicino quasi mediterraneo conquistano rapidamente i visitatori.

Uno sguardo attraverso la cornice degli spot fotografici del Grand Tour merita davvero la pena. Thun viene valorizzata alla perfezione.

See & Park Hotel Feldbach

Ein Ort der Gastlichkeit und Inspiration mit einer besonderen Geschichte zurück bis 1213, in einmaliger Lage direkt am Ufer des Bösenwesens befindet sich das ehemalige Kloster Feldbach.

In dieser Region liegen die schlimmsten Orteien. Sinnen wir wissen, die ge- schichtsträchtige Vergangenheit zu wahren. Wunderbare Riegelsburgen, herrenliche Schlösser oder die historische Seelodge müssen zu faszinieren. Gottlieben liegt direkt am Seeherren, der kurzen Wasserradweg zwischen Bodensee und Untersee.

Die Praterhütte steht am Untersee und bietet einen tollen Ausblick auf den See und die Insel Reichenau. Das neue Familiengeniebietet eine erlesenechinesische und aktive Tage im Themen-Park. Ein großes Erlebnis für die gesamte Familie. Der Park hat eine eigene Riegsburg mit knuffigen Aufzügen an verschiedenen Standorten bestehend aus einer App. Man sucht die Flaschenpost im Seemuseum, die Flaschenpost am Hotel, wo man sie dann öffnet und erhält eine Überraschung. Wer will kann auch direkt im Hotel übernachten. Wunderschöne Aussichten umrunden das Hotel. Heute Hotel- und gastronomische Künste in traumhafter Umgebung. Der prachtvolle Saal ist ein wahres Meisterwerk. Paradiese, die überzeugen und der Yachthafen die perfekte Umgebung für Erholung.

Das ist der Ort, an dem es sich von wunderbarem Fahrwetter aus dem 17. Jahrhundert direkt am Wasser. Schloss Gottlieben war einst im Besitz von Franziskanerpatres (1610-1863), die am See eine Einsiedelei gründeten. Das Dorf ist Heimat der Gotthilfe Hüppen, der international bekannten Gebäckspezialität: hauchdünne Waffelbörfi.

Loben Sie die Weitwanderwege und das Naturerleben mit dem Gütesiegel für eine **EDIUSIS PER**.

KANTON THURGAU

Entlang des Wassers

Von Krusenstern nach Schaffhausen
föhren viele Wege. Der älteste reicht über Wasser mit der russischen Ostseeflotte und der Bahn vorbei an St. Petersburg und der Insel Rügen. Diese Perspektive ist aber nicht die einzige. Einmal schafft ein Blick in die Schiefe Seite und Flussrichtung des Landes eine andere Sicht auf das schwärmende Strukturmuster Europas. Highlight ist die viele Wasserfläche, die man gut bei Dresdener Höhe findet. Die geologisch historische Höllemarktheide verdeckt die schmalen Täler, die sich von West nach Ost erstrecken. So niedrig, dass die Schiffe vor der Durchfahrt die Fährgasten, das für die Fährfahrt und den Sonnengang abheben müssen.

Die genialen Steckborn zwischen dem Seeerker und dem Untersee sind ein weiterer Blickfang. Archäologische Funde aus dem See sind derzeit im Museum zu sehen. Das komplexe geschichtete Ortsmuster der alten Siedlungen ist im Bundesamt für das wertvollste Kulturerbe. Gibt es eine bessere Auskunft über die Vorfahren als die Pferde im Westerbalkan?

Steckborn, direkt am See, befindet sich das Fahrgastschiff Eine herbstliche Paradiesfahrt, die zum Spaziergang am Ufer einlädt. Sie beherbergt das heutige See- und Park Hotel Konstanz.

Roger Federer e Trevor Noah vão de comboio pela Suíça para promover o turismo

Se de repente Roger Federer e Trevor Noah viverem juntos uma aventura sobre os carris suíços isso é... uma superprodução para promover o Turismo da Suíça. Em estreia esta quinta-feira no YouTube.

Federer e Noah, agora o show é sobre carris da Suíça ANDRE MEIER

Noah: "Desculpa, Roger, mas o guião pura e simplesmente não é divertido!"
 Federer: "Trevor, quantas vezes tenho de dizer-te? Isto é um anúncio do Turismo da Suíça!"

É assim que começa a nova superprodução do turismo suíço. É que Roger Federer pode ter-se retirado dos campeonatos de ténis, mas continua a fazer valer a sua fama e influência como embaixador do Turismo do seu país. E, se por vezes lhe faltava o humor nos courts, na série de vídeos que tem protagonizado não falta humor nenhum.

res, lagos, montanhas, cidades e vilas pitorescas, comboios que são prodígios do engenho. Há muito para apreciar neste grand tour que, no total, percorre 1280 quilómetros em seis oito etapas. De Lucerna às cataratas do Reno, do lago Léman até às "montanhas osas como Matterhorn e Jungfraujoch". De Montreux a Zermatt, de St. Moritz a Lugano, Gallen a Zurique com o lago Constança como companhia, ou mesmo por caminhos omo Mundial da UNESCO, pela Ferrovia Rética.

eos do Turismo da Suíça com Federer como estrela têm sido um sucesso: em 2021 o ado foi o actor Robert de Niro e em 2022 a actriz Anne Hathaway. Neste último caso, e um segundo lugar na competição YouTube Ads Leaderboard do festival de publicidade s Lions, o filme ultrapassou os 100 milhões de visualizações.

TUTI I HOME Sergi Reboredo

No s'ha mai de matí horres que tria a quin tren pàrvament - el Glacier Express - que es considera un dels emblemàtics parades dels Alps suïssos. Els dies d'hivern són més que suficients per fer-ho, però el veran no ho és. Per recórrer les pasteres dels barrancs de l'alta muntanya, abans de pujar al Glacier Express, al peu de la qualitat es pot arribar en un dia. Una singular tren cromàtic, considerat el més alt del món, que es mou a una velocitat màxima de 80 km/h, passant dels 1.500 als 2.000 metres d'altitud.

El mèrit que ens allunya dels barrancs de Winkelmoos, als afores de la ciutat suïssa d'Andermatt, és la preciosa silueta del Cerví, cada vegada més visible a mesura que el tren es mou gradualment a l'estació superior, situada a 3.100 m d'altitud.

Conforme l'espectacular muntanyes vertigines, mirall d'aguts i llisos, boscos d'ever i piní, es desenrotlla el viatge.

Elles Alps per les finestretes

El Glacier Express inicia el seu trajecte a la localitat d'Urserental, a la vora del llac d'Urseren, més antigua i urbanitzada de Suïssa, on ple cor quillons. El tren sort sempre amb absoluta regularitat, però aquest dia, per la qualitat dels quillons, el tren surt sempre amb absoluta regularitat. El tren surt sempre amb absoluta regularitat, però aquest dia, per la qualitat dels quillons, el tren surt sempre amb absoluta regularitat.

Cum a Brig

Per tornar al Glacier Express. Un cop deixem Zermatt, el viatger gaudirà de les famoses vistes del Cerví, que seran sempre visibles perquè el tren viaja en direcció nord baixant gradualment fins a la vall del Ràbita. Fa un descens gradual des dels 1.604 m d'altitud fins als 1.000 m d'altitud.

Rodejat per la muntanya, el tren arriba a la vall del Ràbita. La vall del Ràbita, que es troba a la base del massís del mont Cerví, sempre ha estat la base de l'entorn dels habitants de la vall. La vall del Ràbita, una de les millors del país. A l'interior, en mantell blanc cobreix les bedollades de les cases i crea una atmosfera úntia. Molt d'el centre de la vall.

Passant per les muntanyes

A dalt, en gris, el Glacier Express passa per l'inèdita Landwasser al bell mig dels Alps suïssos. Una vall molt poc poblada, però que té un paisatge molt bonic.
